Verse 1:

You're not watching from a distance
You're not hiding from my pain
You've seen every single moment
You never looked away
Yours were not the hands that hurt me
You were not the one who lied
You're mending what was broken
You're healing what divides

CHORUS:

Your kindness leads me
Your truth Lord, it sets me free
Your goodness unending
You are better than I believed

VERSE 2:

You are not a God who's hiding
You have never told a lie
Every word that you have spoken
Is turning death to life
You're the answer to the question
You're the meaning in the doubt
You are working in the waiting
You're faithful now

CHORUS:

Your kindness leads me
Your truth Lord, it sets me free
Your goodness unending
You are better than I believed

BRIDGE:

I've tasted your goodness
You're all that I need
You're so much better, so much better
My life resurrected
And now I can see
You're so much better, so much better
(REPEAT)

CHORUS: 2x
