VERSE 1:

You whisper in the madness
You call my name
At the sound of Your voice
All chaos fades
O mighty voice of God
I'm listening
There is power in Your word
I can't help but sing

CHORUS:

We declare
Your love is never-ending
Our praise will rise, we sing it in the morning
Lord, this is who You are
From life to death
Your faithfulness surrounds me
I lift my hands and praise you in the evening
Lord, this is who You are
You are a steadfast God

VERSE 2:

When my heart is anxious
You silence fear
My confidence unshaken
When you are near

CHORUS:

We declare
Your love is never-ending
Our praise will rise, we sing it in the morning
Lord, this is who You are
From life to death
Your faithfulness surrounds me
I lift my hands and praise you in the evening
Lord, this is who You are
You are a steadfast God

BRIDGE 1:

Through it all You still remain
Steady in the wind and waves
My eyes are fixed upon your face
You never change, You never change

CHORUS:

We declare
Your love is never-ending
Our praise will rise, we sing it in the morning
Lord, this is who You are
From life to death
Your faithfulness surrounds me
I lift my hands and praise you in the evening
Lord, this is who You are
You are a steadfast God
